## General rules

With so much happening at our airport, we know it can be a great place for filming and photography. Please take time to read the following rules thoroughly.

- Requester understands that no employees of CAP, other entities or other companies are to be filmed. Requester will inform airlines if their planes are part of a shot. Requester will ask for approval of passengers and airport visitors if they are passing through or part of a shot. No passing by the security area. No CAP employees at the Arrivals area, Drop-off zone, Kiss and Go area and the PFC area will be filmed.
- Cast and crew must have official photo identification available at all times on Airport premises.
- Do not block emergency exits.
- Do not block any entrance, exit, escalator, ticket counter, taxi pickup area, passenger check in, security checkpoint, baggage area, or other area within or around the Airports.
- Do not interfere with airline or Airport operations.
- Smoking is not permitted inside the terminal
- A fee is charged in advance for filming and photography activity. An estimate will be proposed to the requester after the application request is received and before production starts. No filming or photography will be permitted until 50% of the fee is paid, unless prior arrangements have been made.
- Cancellation policy to be discussed with contracting party.
- Requester must have a valid liability insurance policy. Further to be discussed with contracting party
